VOL. XXIII, NO. 116 GAINESVILLE, FLORIDA, SATURDAY, JUNE 23, 1906 TEN CENTS A WEEK

THREE ARE SLAIN TRYING TO ESCAPE

While Racing for Liberty White Convicts are Killed.

THE CONVICTS KILL GUARD

All of the Convicts Were Sent Up from New Orleans, La., and Were Working in a Saw Mill When They Attempted to Escape.

Natchez, Miss., June 22.—Four dead and one dangerously, perhaps fatally wounded, all white men, is the result of an attemtp by three life-term convicts to escape from Angola, La. state convict farm, 72 miles down the river from this city, Wednesday morning.

The dead are:

Captain J W. Block, foreman of the state convict saw mill.

Jim Singleton, convict.

—— Byrd, convict.

——Dutch, convict.

Wounded:

J. W. Gibson, guard, shot through the body, the ball passing through the liver.

All of convicts were sent up from New Orleans, and were working in the saw mill. In the morning about 9 o'clock while Captain Block was reading a paper, Singleton secured his revolver and, in company with Dutch and Byrd, were making off, when the attention of the guard, Gibson, was attracted.

Convict Returned Fire.

Gibson fired on the party and Singleton returned the shot, shooting Gibson through the body and as Gibson fell, Byrd secured his revolver. Compelling the foreman, Block, to accompany them, the convicts started toward the river, and had placed their captive in a skiff when they were fired on by a trusty named Deloach. Singleton then shot and killed Block.

Pay Guard J. T. Ogden joined Death and in the fusilade of shots that followed, the three convicts were killed. Gibson was brought to Natchez on the mail steamer Betsy Ann and conveyed to the Natchez charity hospital. He is shot through the liver, and the physicians declare the wound may prove fatal.

Made Shield of Block.

New Orleans, La., June 22.—A report to state penitentiary officials says that Captain Block was killed by the convicts after they had threatened to take his life if anyone fired on them, and after the threat had been disregarded.

Will Call State Strike.

Seattle, June 22.—President Ballard and Secretary Campbell of the Shingle Weavers' union has announced the calling of the state strike which has been threatened for some time as an outgrowth of the labor troubles in the shingle mills at Ballard. The action is taken in accordance with a resolution passed at the recent convention of the weavers' union at Ballard Sunday which declared unless the shingle mills in Ballard agree before Thursday morning to take action looking to the settlement of the Ballard trouble, the union will call a strike in every one of the mills affiliated with that organization to take effect today. Union officials expect to call out [illegible]

FIGURES ARE GIVEN ON MEAT EXPORTS

Report Issued by Department of Commerce and Labor.

FOR 11 MONTHS ENDING JUNE 1

These Figures, Says the Report, Show a Larger Exportation of Meats and Meat Products Than in Corresponding Months of Previous Years.

Washington, June 22.—Exports of meat and meats products from the United States in the eleven months of the fiscal year 1906 ended with May aggregated over $180,000,000 in value, according to a report issued by the department of commerce and labor.

These figures for the eleven months, says the report, show a larger exportation of meats and meat products than in the corresponding months of the previous years. The increase occurs in all the principal products, but is especially noticeable in lard, oleomargerine oil, salt meats, fresh meat and fresh pork. For the ten months ended with April, up to which complete figures are available, exports of the various articles were:

Lard, $51,500,000; bacon, $29,000,000; beef, fresh, practically $27,000,000; hams, $16,666,000; oleomargerine oil and oleomargerine, $17,000,000; salted pork, $10,000,000; canned beef, $5,750,000; salted beef, $4,000,000; tallow, a little less than $4,000,000; sausage, canned, $2,225,000, and fresh and canned pork, $1,000,000 each. Exports of canned beef and of bacon show but little increase during the last decade.

Great Britain, says the report, is by far the largest purchaser of American meat products. Of the $75,000,000 worth of bacon, ham, fresh beef and canned beef exported in 1905, the United Kingdom took $60,000,000 worth, or practically 90 per cent of the total, of the total of exports of meat, valued at $100,000,000. It took $80,000,000 worth, while of the $10,050,000 worth of cattle exported in the same year, it took $26,750,000 worth.

Oleomargerine exports go chiefly to the butter making countries, the largest part of the Netherlands, which took $6,500,000 worth out of $11,500,000 worth exported in 1905.

Bound Over for Stealing Money.

Atlanta, June 22.—Clarence Waddell and Charles Clark, two half grown youths, were on Wednesday morning bound over by Recorder Broyles on a larceny from the house charge, it being alleged that the boys Tuesday afternoon climbed into the rear window of the general merchandise store of W. S. Carroll, corner Boulevard and Decatur streets and made off with a cloth bag containing $114.51. The theft is said to have occurred while Mr. Carroll was at dinner and while the store was closed. The boys were suspected and a careful search of the premises revealed the bag of money hidden under a pile of lumber. It had not been opened. Call Officers Dunn and Gallagher made the arrests.

WANTED TO LYNCH WOMAN.

Wife of Rich Western Brewer Charged With Beating Servant to Death.

Sioux Falls, S. D., June 22.—Mrs. Emma Kauffmann, wife of a wealthy brewer has been held for trial at the November term of court on the charge of manslaughter, in having caused the death of her servant, Emma Polcis.

After the girl's death her body was exhumed and found to bear 45 wounds. Considerable excitement attended the hearing, and when Mr. and Mrs. Kauffman left the court room for a livery stable where they hired a carriage, a crowd of spectators packed closely about them, and for a moment there were fears for Mrs. Kauffmann's safety.

Cries of "Lynch her!" were heard. The Kauffmann party hired a carriage in the establishment where they had taken refuge. While the crowd was packed closely around one of the double doors, the carriage dashed out at full speed from another door, thus taking the crowd by surprise.

The crowd hastened after the carriage and followed it a short distance, in the meantime giving vent to shouts and derisive cries as it rolled out of sight. The crowd then dispersed.

ARREST CAUSED BY A BROTHER

Will Pay Death Penalty for Killing a Woman 11 Years Ago.

Charleston, June 22.—Jesse Gibbes' brother is responsible, it is said, for the man's arrest at Kingstree, S. C., and his deportation to Lake City, Fla., where he is to pay the death penalty for the killing of a woman eleven years ago.

Gibbes was arrested by Sheriff Graham and carried to Florida by officers who came here for him. Gibbes escaped from the Lake City jail, within a week of the time of his execution and came to South Carolina, settling in Kingstree, where he applied himself, saved his money and soon owned and conducted a large merchandise store and ran a four horse farm.

He married and at present has four children by his Kingstree wife. He supplied his brother with money, making regular remittances from time to time, and it is recipient of his kindness upon being arrested for some [illegible] cannot [illegible] endeavor to secure his release, informed the Florida authorities of the whereabouts of his fraternal benefactor and the arrest followed.

St. Petersburg, June 22.—The parliamentary commission sent to Bialystok has returned. The commission possesses a mass of testimony upon which parliament will be asked to insist on immediate prosecution of the subordinate police and military officers who are found to be guilty of complicity in the massacre. The commission declared that the attacks of the mob could have been stopped by the energetic intervention of the police and the troops.

Evins Will Hang.

Springfield, Ills., June 22.—The supreme court has denied a motion for leave to file a more complete record and support additional authority in the case of Richard Evins, sentenced to be hanged in Chicago, Friday for the murder of Mrs. Bessie Hollister. Judge Hand said the court refused to grant the motion because it had gone to the original records in the case and had considered the testimony and evidence in its entirety.

Bloodhounds Chase Assailant.

Decatur, Ala., June 22.—Wilbow Allen, a negro, recently brought to the jail here from Limestone county for safe keeping, charged with criminal assault, made his escape from jail by digging through the brick of the rear wall. BALTIC FLEET IN GRASP OF MUTINY

Ivan Narodny Discusses Reports Coming From London.

GIVES HIS VIEWS ON SITUATION

Reports Say that the Officers of Russian Warships Are In Sympathy with the Mutinous Crews of Several Vessels in the Harbor.

New York, June 22.—Discussing reports from London which were denied from St. Petersburg, of trouble at Cronstadt, Ivan Narodny, a Russian, who came here in the interest of the revolutionists, said Wednesday:

"There will soon be a great mutiny in the Baltic fleet at Cronstadt with vastly more success than the already historic mutiny in the Black Sea fleet. Captain commanding the ships are in sympathy with the revolution and at the proper time will declare for reform. In fact army officers from the nobles class are on sympathetic terms with the men from the peasant and artisan classes.

"The common people and the nobles in Russia are not separated by the gulf that stood between these classes under the ancient regime in France. The nobles throughout Russia—and the gentry, too—are the peasants' closest friends, on the most cordial and friendly footing. The nobles are the backbone of the revolution in Russia. The bureaucracy is drawn from both classes and is hated by both classes.

"The reason why the bureaucracy stirs up this resentment against the Jews is that they are soon to be an element strong for revolution—radicals.

St. Petersburg, June 21—11:30 a. m.—A serious mutiny which for a time threatened to place the fortress of Sevastopol in possession of the mutineers was suppressed Wednesday according to a special dispatch to the Novoe Vremya.

The mutiny was started by a battalion of fortress artillery which defied its officers, whereupon the men were promptly disarmed.

Two other battalions then mutinied and took possession of the guns of the Northshore batteries, but on the appearance of several loyal regiments of infantry, the mutineers abandoned the idea of fighting and returned to their barracks.

Atlanta, June 22.—The F. R. & G. railroad, which has been operating between Ashburn and Sylvester since March 1, has extended its road to the town of Bridgeboro, a point on the Albany Northern, 24 miles southeast of Sylvester. The passenger and freight traffic has increased to such an extent that it became necessary to put on a regular freight train. The road is doing a good business and is pushing its line on the gulf as rapidly as possible.

POOR LAKE CITY STILL FIGHTING

Don't Appreciate the Removal of the University to Gainesville.

NO STONE LEFT UNTURNED

To Prevent the Carrying Out of the Plans of the State Board of Control and Board of Education—Injunctions Galore.

The people, or it may be appropriately said, certain people, of Lake City, are determined not to be "downed" in the matter of the removal of the University of Florida from Lake City to Gainesville, as has been voted by the joint meeting of the State Board of Education and Board of Control after the claims of both Lake City and Gainesville, candidates for the school, had been heard and carefully considered.

A few days ago these parties caused to be issued an injunction restraining the removal of certain appliances and appurtenances, or a part, to Gainesville, or to any other point. The matter was argued before His Honor Judge Palmer of Lake City, when the decision of the court was withheld.

The Times-Union of Thursday, the 21st inst., has another lengthy article, quoting in part another bill of injunction which was issued, in which the city of Lake City, and F. B. Moodie, a citizen of Columbia county, are complainants. The bill is brought against the Board of Education, the State Board of Control, and Andrew Sledd, as president of the University of Florida. It is a most voluminous documnet, covering fifteen pages of typewriter, in which is included the history of the school, connected with reasons why the institution should be retained in Lake City, and challenging the authority of the defendants to order same removed.

In the meantime work is going merily and rapidly on on the new University buildings in Gainesville, two of which will be ready for occupancy at the opening of the fall term of the great State institution of learning. They will be buildings, too, which will be a credit to the State, and a source of admiration of her sons.

CARD FROM MAYOR THOMAS.

He Does Not Propose to Tolerate Loafing Upon the Streets.

Editor Sun: In Friday's issue of your paper you state that a number of negroes were before me Thursday charged with vagrancy, and that they were discharged because I was of the opinion that since they had a small amount of money in their possession they had "visible means of support."

These statements do not correctly report the case, or the city law applying to cases of its character.

These people were arrested by my direction under an ordinance "To promote the morals of the city of Gainesville and to inculcate in certain persons desires of industry" under a clause therein providing a punishment for all "Persons without any visible means of livelihood, or who neglect their calling, or employment, misspend what they can earn and fail to provide for themselves or their families an honest living, and all idle boys loafing or loitering upon the streets who are large enough to earn something for themselves, but neglect or refuse to be engaged at some honest calling."

This ordinance also provides for the punishment of vagrants, but these people were not charged with that offense. They were not discharged because they had some amount of money in their possession, but because some of the persons before me were known to me to be frequently employed, and others of them had certificates from physicians showing that they were sick and under treatment; and, for the further reason that the ordinance had not heretofore been enforced and these defendants, with some reason, claimed ignorance of its existence.

The ordinance in question is sufficiently wide in scope to comprehend every person, male and female, who are idle or dissolute, or who do not apply themselves to the earning of an honest living, and I wish it generally understood that hereafter it will be vigorously enforced.

The police of the city have been instructed by me to arrest all who are found violating it, and if found guilty on trial they will be sentenced to work upon the city streets.

W. R. THOMAS, Mayor.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Co.

BIG CANNING PLANT FOR GAINESVILLE

Will Have Capacity of 10,000 Three-Pound Cans a Day.

A BIG THING FOR FARMERS

The Produce and Fruit Which Has Heretofore Decayed in the Fields Will be Utilized, and the Market Will Be an Endless One.

The Central City Cannery is the style and title of a new concern which will be launched on the industrial sea in Gainesville within the next few days, and the venture looks as though it would prove of great benefit not only to the owners, but the community as well, especially the growers of fruits and vegetables throughout this section.

The purpose of the Central City Cannery will be for the canning and preserving of fruits and vegetables of all kinds, which fact will open a market for hundreds and thousands of bushels of tomatoes, beans and other truck, pears, peaches and fruits, which now lie in rot in the fields every season for want of a buyer.

The capacity of this plant will be 10,000 three-pound cans per day, and the industry will employ, at its full capacity, from twenty-five to thirty hands. W. L. Denham will be the manager, and Mr. Denham states that the only reason he will not operate the plant on full force will be the scarcity of produce. He proposes to buy every bushel of tomatoes or truck, and all the fruit, which is brought to him, thereby assisting mutually the grower and the business.

A canning factory is something which has been needed in the Gainesville section for several years, as the growers have lost thousands of dollars annually in vegetables which lie in the field after the shipping season is over, and which could have been easily used in a cannery.

The machinery has been ordered, and some of it has already arrived. The plant will be located on East Odd Fellow street, and work will begin on the building as soon as lumber can be placed upon the ground.

They Like Worthington.

George P. Morris and W. E. Dow, the insurance agents who have just returned from a business trip to High Springs, Alachua and other points, included in their itinerary a short sojourn at Worthington Springs, where they were guests of the new Worthington Springs hotel, a magnificent structure, just completed. They were loud in their praise of this popular resort, where they declare the guests are treated so cleverly and fed so highly that they regret to leave.

The spring is in its normal condition now, there being no overflow, and the bathing is excellent.

There is quite a number of people from evey section of the State, sojourning now at this popular resort.

There will be "something doing" on the local diamond today, as the Coca Cola baseball team of Jacksonville have notified the Oak Halls that they will be here after their scalps. Both teams are in good trim, and an exciting game is expected.

The game will be called at 3 o'clock, and the admission will be 25 and 15 cents.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

COMPLIMENT TO ROY TAYLOR.

Gainesville Boy in West Point Has Been Promoted to Corporalship.

Friends in this city of LeRoy Taylor, son of Mr. and Mrs. H. E. Taylor, who is in the West Point Academy, will feel glad over the excellent success attained by that young man the first year.

Mr. Taylor passed an excellent examination, and has been commissioned a corporal. This is indeed a high compliment for one who has been in this famous institution for so short a time, and all Gainesville feels proud of him, and sends congratulations.

Youthful Chicken Stealers.

Complaint has been made to The Sun from two or three sources of certain youths in the city who have been guilty of stealing chickens within the past ten days. Upon one occasion, the first of the present week, a resident of West Main street S. would have lost four valuable high-bread fowls, had it not been for the fact that the boys were detected in leaving the place, threw the chickens down, and made away as rapidly as their limbs could carry them.

This matter, it is said, has also been reported to the officers, and the names of one or two of the boys are known, but it is hoped that they will desist and save humiliation to themselves and their parents.

The boys do not probably understand the gravity of the offense.

Bricklayers in Japan receive a daily wage of 37 cents.

The liquor bill for the country for the past year was $1,548,708,807.

Too many people spend their time hoping for the best instead of working for it.

King Alfonso's bride is eighty-six pounds heavier than he. Wooh! Think of her at 40.

It is a good plan to "pay as you go," but it is also observable that some people are very slow goers.

King Edward is reported to be living on toast and tea. He must have read the report of the commissioners.

If one must die of overdrinking how pleasant it must be to have the coroner's physician call it "refined alcoholism.

The scientists have now discovered microbes in hymn books. They never seem to think of analyzing a poker deck.

A true diplomat is the man who has solved the problem of earning his daily bread by the sweat of other men's brows.

If publicity is a cure for everything, as they say it is, there should be nothing the matter with the hams hereafter.

It has always been a mystery to us that a young lady should make some poor fellow believe that she is interested in his welfare when as a matter of fact she is interested only in his farewell.

At this time of the year people are naturally discussing in their minds the question, where shall we buy our goods? As our answer to this important problem we refer them to the advertising columns of The Sun.

TWO VIEWS OF LYNCH LAW.

Southern people will never be able to understand why the people of other parts of the world would allow the ravisher to get all their sympathy.

The victim is forgotten in the rush of pity for the brute who outraged her.

The South will never understand why this should be so.

When a negro is lynched because of his horrible crime, the victim is there in sight of her avengers.

Men, whose wives, sisters and daughters live in the same community, and run the same risks each day of their lives, have had their passions aroused by hearing the cries of the poor victim of beastly lust; they have heard her heartbroken sobs, have seen her blood where it stained the earth, have perhaps seen her in the agonies of death. Therefore, the lynchers view the case from the standpoint of the innocent victim.

Would not the outside world understand the South better if it did the same thing?—Tom Watson, in his Magazine for June.

OPPOSE DIVORCES.

The Presbyterians of the country, by their general assembly at Des Moines, have gone on record as opposing divorces. Men and women share equally in the condemnation visited on divocees. The following are the resolutions adopted by the assembly:

"Resolved, that the committee on marriage and divorce be continued, to report to the general assembly, 1907.

"Resolved, that this general assembly heartily approves of the campaign of education for the influencing of public opinion proposed by the interchurch conference on federation as to the most effectual way to meet and overcome the divorce evil.

"Resolved, that the general assembly hereby reaffirms the deliverances on divorce and remarriage after divorce adopted by previous general assemblies."

It is not only our commerce but our national character that has been injured by the frauds and scandals now astonishing the world. If the law had been faithfully executed, such scandals would have been impossible. The greatest and most damaging of all these scandals is that the laws of the United States have not been faithfully executed—that rant, and hypocrisy, and connivance at crime, and political partisan success won by criminals with stolen money and hush-money, stand in the place of duty and morality. The people may applaud the spectacular rogues for a time; but they will turn and rend them just as soon as they are undeceived.

A word to you, sonny—you little twelve or thirteen-year-old boy who is smoking cigarettes on the sly. What do you want to be when you grow up—a stalwart, healthy, vigorous, broad-shouldered man, or a little, puny, measly, no 'count weak-minded dude? If you want to be a man, strong like a man, with hair on your face, brains in your head and muscles in your limbs, you just let those cigarettes alone. If you want to be a thing, pitied by your folks, despised by the girls, and held in contempt by the fellows, keep right on smoking and end your days in the insane asylum.

Many families in San Francisco are still separated as a result of the panic following the earthquake, and the advertisements appearing in some of the San Francisco papers are truly pitiful. Husbands are advertising for their wives, parents for children, etc. It is certain that many of these missing loved ones are now filling unknown graves.

Beware of Ointments for Catarrh that Contain Mercury,

as mercury will surely destroy the sense of small and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surface of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

A Northern friend tells us of a conversation he chanced to hear between a young boy in his teens and a Christian Scientist. It appears the Scientist came across a small boy sitting under an apple tree doubled up with pain. "My little man," he said, "what is the matter?" "I ate some green apples," moaned the boy, "and, oh, how I ache!" "You don't ache," answered the follower of Mrs. Eddy, "you only think so." The boy looked up in astonishment at such a statement, and then replied in a most positive manner: "That's all right; you may think so, but I've got inside information."

If there is one thing in which churches, as a rule, need to be more careful, it is the matter of preachers' salaries. With an indifference and an insensibility which we cannot understand many churches seem to think that a contract between themselves and the minister is no contract at all. They promise him a definite salary, then pay him whatever is convenient. The gas man, the coal man and even the sexton must be paid, but the debt owing the minister is looked upon as altogether righteous and proper.

While in Russia they sell sunflower seeds as we do peanuts in America, and everybody munches them as a dainty. In this country they have suddenly vaulted into high repute as a stock food as well as for the excellent oil that is extracted from them. Thus Rood Brothers of Lake Park, Iowa, did so well with a crop of an acre last year that they have planted five acres this year, having contracts for $1.75 to $2 per bushel for the seed. They say they can easily raise twenty bushels to the acre.

Uncle Sam is after more good men for his navy. Ever since the regeneration of the navy commenced in Cleveland's time the service has been after good capable men. The United States now stands third among the nations of the world in naval strength but it is claimed many of our vessels are shorthanded, hence the desire of the government to secure recruits. The term of service is four years, the wages $13 monthly at first and is increased for time and promotion.

Bless the man who is, to a reasonable amount, uneasy as long as he owes a dollar. If you are at some time compelled by unavoidable circumstances to request your merchant to extend you credit for a time, in making your application to him for it, don't tell him you will pay the first of the month when, in your opinion, it will be the tenth of the month before you will meet the obligation.

To be sure the department stores tell you that if their goods are not satisfactory you can return them. Sure! But you have to pay express or freight both ways and you decide to keep them. If your home merchants' goods are not satisfactory you take them back and it costs you nothing.

MAY PUBLISH IN ATLANTA.

Tom Watson Said To Contemplate Such a Move.

Augusta, Ga., June 22.—There is a probability that Watson's magazine the monthly periodical that is edited by the well known Georgian, will at an early date, be published in the south, probably in Georgia, possibly in Augusta.

It is not known definitely what Mr Watson's plans are, but it is understood, on excellent authority, that he is desirous of transferring all the mechanical work of his magazine to a place that will be nearer his home interests than is now the case.

Job printers in Atlanta and Augusta have received notices from the publishers of the magazine and are now preparing estimates that will be submitted to Mr. Watson. It is believed that a figure that will act as an inducement can and will be submitted.

Satisfactory Treaty Signed.

Paris, June 22.—The foreign office has been advised that China on Wednesday signed a treaty according complete satisfaction to France for the massacre of six French Jesuit missionaries at Nancheng Kiang, in February last. China pays $200,000 indemnity to the missions and $100,000 indemnity to the deceased missionaries' families, builds a memorial hospital and punishes the ring leaders of the rioting. In addition posthumous honors, which the people of Nancheng demanded will not be granted to the Chinese justice who was responsible for the outbreak. French gunboats in the vicinity of Nancheng will now be withdrawn.

Smith and Howell Will Not Debate.

Rome, Ga., JJune 22.—At the present writing it looks very much like there will be no joint debate between Clark Howell and Hoke Smith in Rome next Saturday. After fruitless efforts to get together as to the place for holding the debate, as proposed, the joint committee, composed of friends of both candidates, finally decided that and agreement was impossible. This means in all probability no debate. Mr. Howell's freinds contended for an indoor debate. To this Mr. Smith's friends would not agree. A ripple resulted.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any [illegible] wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to stop falling hair by feeding the germs that cause it with Canthrarides, Cantharidine and similar substances which are the principal ingredients of so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots.

It is the original and only genuine scalp germicide manufactured.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co. Detroit, Mich.

Nature's Way Is Best.

The [illegible] strengthening and tissue building [illegible] of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce is following after Nature's plan of restoring health.

He uses natural remedies, that is extracts from native medicinal roots, prepared by processes wrought out by the experience of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this, what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little Pellet is a gentle laxative and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 21 cents in one-cent stamps, to pay the cost of mailing *only*, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Will Resign from Congress.

New York, June 22.—Congressman Timothy D. Sullivan has left for Washington to prepare his resignation as a member of the house. Mr. Sullivan's restoration was required under the law as he will be a candidate for the state senate this fall, and the constitution provides that no person shall be eligible for the legislature who is a member of congress.

There Are Few

People who know how to take care of themselves—the majority do not. The liver is a most important organ in the body Herbine will keep it in condition. V. C. Simpkins, Alba, Texas, writes: "I have used Herbine for chills and fever, and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown up people, and I recommend it. It is fine for la grippe." Sold by W. M. Johnson.

Davis Named for Governor.

Bangor, Me., June 22.—Cyrus W. Davis, of Waterville, two years ago Democratic candidate for governor, was nominated by acclamation at the Democratic state convention as the gubernatorial candidate to the September elections. Maine has no Republican governor and the other state officers are appointed by the legislature.

Ancient Rome

Is now merely a memory of the past. Ballard's Snow Liniment is the family liniment of the twentieth century. A positive cure for rheumatism, burns, cuts, sprains, neuralgia, etc. Mr. C. H. Runyon, Stanberry, Mo., writes: "I have used Snow Liniment for rheumatism and all pain. I can't say enough in its praise." Sold by W. M. Johnson.

Seddon Funeral Takes Place.

Wellington, N. Z., June 22.—The funeral of Premier Seddon, who died suddenly June 10, on the steamer Oweka, took place here Thursday and was a striking demonstration of public grief. An enormous number of people followed the hearse on foot to the grave through the streets, which were packed with spectators.

An Alarming Situation

Frequently results by neglect of clogged bowels and torpid liver, until constipation becomes chronic. This condition is unknown to those who use Dr. King's New Life Pills; the best and gentlest regulator of stomach and bowels. Guaranteed by all druggists. Price 25c.

Gen. J. Sneius Dead.

London, June 22.—George J. Snelus, vice president of the iron and steel institute, died on Wednesday.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

PEACHES MOVE TO MARKETS.

Crop Around Barnesville Is a Large One and Fruit Is Fine.

Barnesville, Ga., June 22.—The peach crop of this section is beginning to be put on the market.

Only shipments by express have yet been made, but in a week or so the work will begin in earnest.

The Carmen, Georgia Belle and Triumph are the varieties now ripening. About the first of July the Elbertas will begin to ripen. The outlook for a full crop is now very promising, and the fruit growers are well pleased. The storms last week did some damage to the fruit by knocking off a good many peaches, but this will probably result in a benefit to the trees.

The crop will doubtless be large and fine this season and the prices are expected to be fair. About 100 cars will go from this point to the markets this year. The Acme cannery is ready to begin operations and consume all the fruit which is not shipped. This will also be a benefit to the peach grower. The fruit men are very optimistic over the prospects during the coming season.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant, U. S. A., of Rural Route No. 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists'. Price 50c and $1. Trial bottle free.

The women were arraigned in a police court later. Miss Billington was fined $50 or two months in prison, whereupon she expressed the intention of becoming a martyr and of going to jail. The hearing of the other women was adjourned.
